

## 12 volt inverter with 30 watts

This 10000 watt 12 volt inverter is the best on the market in its class . This inverter can handle nearly any application with its 10000 watt continuous capacity and 20000 watt surge capabilities (40 milliseconds).

The inverter draws its power from a 12 Volt battery (preferably deep-cycle), or several batteries wired in parallel. The battery will need to be recharged as the power is drawn out of it by the ...
