

# 120w pure sine wave inverter

What is a modified sine wave inverter?

This 120W direct plug modified sine wave inverter provides 120 watts continuous output for use in your truck or other vehicle 12 volt cigarette socket. Converts DC to AC to power smartphones and tables or other small devices while on the road or off the grid. The modified sine wave power inverter has two AC outlets and dual ports.

Why should you use a pure sine wave inverter?

Pure sine wave inverters produce stable power with low harmonic distortion you can safely use with medical equipment. Such clean power output buys you peace of mind knowing that your expensive devices are safe from power disruptions.

How does a sine wave power inverter work?

Converts DC to AC to power smartphones and tables or other small devices while on the road or off the grid. The modified sine wave power inverter has two AC outlets and dual ports. One USB and one USB-C to accommodate multiple devices while traveling.

What is a 120 watt power inverter strip?

Harness the power of your truck or car with this 120 watt power inverter strip that plugs into your 12v power socket for DC to AC use. Charge and power your laptop or mobile phone as well as other 12-volt compliant devices while on-the-go or off-grid. Great for campers and truckers who want the convenience of home while traveling.

Do you need a sine wave inverter for solar panels?

You need a pure sine wave inverter if you plan to install solar panels on your roof or RV. Most appliances in your home use AC power, so you need it to convert the DC power that solar panels produce to AC power. It also brings up the voltage to the grid level.

What are Cummins modified sine wave inverters?

Introducing the new Cummins modified sine wave inverters, from 120W to 5000W, efficiently converting DC power to AC power to operate all your devices while OTR and off the grid. Welcome to the future of power inverters! These inverters are Cummins official licensed products.

The PST-120-12 Pure Sine Wave Inverter from Samlex America provides industrial-grade commercial quality construction and superior power performance for a wide variety of off-grid ...

The AIMS Power 2000 watt pure sine inverter with transfer switch - ETL certified to conform to UL 458 standards and designed for RVs, boats or mobile businesses that need power for medium size devices.
