

40 battery cabinet price

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.

What battery sizes are available?

Standard sizes are available in 32 and 40 battery configurations to fit multiple battery sizes from a wide range of manufacturers including NorthStar Battery, East Penn (Deka), EnerSys and C&D Technologies, or we can customize a battery cabinet to fit your specific needs.
