

Australian anti-corrosion photovoltaic panel manufacturer

Who is Australia's largest solar panel manufacturer?

We are Australia's largest solar panel manufacturer. Our focus is providing our customers with the top quality engineering solutions. We manufacture 300w-550w premium solar panels with industry leading reliability and performance warranty. Our high efficiency solar module comes with 25 year product and 25 year performance warranty.

How many solar panels are installed in Australia?

Australia's solar sector has witnessed an exemplary upsurge in the past decade. As per the Clean Energy Regulator's data, over 3.5 million solar panel systems were installed across Australia by the end of 2022, with the trajectory set to steadily climb.

Why is Australia a great place for solar energy?

Australia's sun-drenched landscape is more than just picturesque - it's a powerful catalyst for an impressive solar revolution. Rising as a leading player in the global solar game, Australia's wealth of sunshine has paved the way for an extraordinary journey in solar energy advancement.
