

BESS Outdoor Battery Cabinet in the Netherlands

What is a Bess battery?

The small BESS series is a fully integrated battery energy storage system that's built to last. The Series is both scalable and engineered for modularity with a low MTTR, making it ideal for medium renewable energy projects. It offers flexible and scalable designs for various applications, whether you need a small or medium energy storage solution.

How many MWh can a Bess battery store?

The sophisticated BESS consists of 144 cutting-edge lithium-ion sealed cells - known as Fluence cubes - boasting a formidable capacity of 90MWh. In relative terms, this battery can store power sufficient to fulfill the energy demand of approximately 21,500 homes each day.

What is a small BESS cabinet?

Small BESS Cabinets The small BESS series is a fully integrated battery energy storage system that's built to last. The Series is both scalable and engineered for modularity with a low MTTR, making it ideal for medium renewable energy projects.

What are the different types of Bess cabinets?

Our BESS is modular, which means you can mix and match cabinets to suit your system requirements. Plus, it comes in two variants, AC Single Bay and AC Dual Bay. **Medium BESS Cabinets** The medium series battery energy storage system is designed with versatility and scalability in mind.

Are batteries a sustainable solution to future-proof the Netherlands' electricity system?

Batteries, both BTM and grid-scale FTM (front-of-the-meter), play an important role in mitigating such challenges and offer a sustainable solution to future-proof the Netherlands' electricity system. But how can it integrate more batteries if the grid struggles to handle the current load?

Why should you choose a Bess energy storage system?

It offers flexible and scalable designs for various applications, whether you need a small or medium energy storage solution. Our BESS is modular, which means you can mix and match cabinets to suit your system requirements. Plus, it comes in two variants, AC Single Bay and AC Dual Bay.
