

Bulgaria Valley Power Energy Storage Project

What is the largest battery energy storage system in Bulgaria?

The system is the largest in Bulgaria. Image: Renalfa IPP. A 25MW/55MWh battery energy storage system (BESS) has been commissioned in Bulgaria, Eastern Europe, by operator Renalfa IPP, using technology provided by Chinese firms Hithium and Kehua.

Will Bulgaria achieve 10 GWh of battery storage capacity by next year?

The project is part of Bulgaria's broader goal to achieve 10 GWh of battery storage capacity by next year. The newly inaugurated battery storage system is strategically located next to a photovoltaic park within the Balkan Industrial Park in Lovech.

Why is energy storage growing in Bulgaria?

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

Can battery-based energy storage improve peaking capacity in Bulgaria?

storage can also offer greater flexibility and efficiency in managing the grid. Furthermore, and although hydropower storage already makes up a significant source of peaking capacity in Bulgaria, battery-based energy storage can address peaking needs during times of droughts, meet requirements for more distributed peaking po

What is the biggest solar project in Bulgaria?

The Renalfa IPP project in Razlog has been claimed as the biggest project of its type in Bulgaria. It is also larger than the biggest project to come online so far in neighbouring Romania, a 6MW/24MWh BESS in that country's Constanta County, co-located with solar PV and wind generation plants.

I stumbled across the below guide recently, and was able to get the Bulgaria "Prussia of the Balkans" and "Balkan Problem Solved" achievements yesterday. I recommend ...
