

Container in Austria

What is container shipping to Austria?

Container shipping to Austria is our most popular service to the country. The service involves loading goods into a container and shipping it for the ocean part of the transit. We offer two different types of container services which suit different circumstances.

What is a Consolidated Container for shipping from USA to Austria?

When shipping from USA to Austria, a consolidated container offers the most value for the transit. With this, a container is loaded using goods from multiple customers. Using this allows customers with less goods to have great value since they only need to pay for the goods they ship rather than a full container.

Does Austria have a container-deposit system?

Austria has a container-deposit system for refillable PET and glass bottles since 1990. In 2025, Austria introduced a 25-cent deposit that is levied on all disposable plastic bottles from 100ml up to three litres and disposable aluminium cans in 2025.
