

Cuba cargo solar power generator for home use

Can Cubans import power generators?

Since August 15, Cubans are allowed to import up to two power generators without commercial purposes. (CMKX Radio Bayamo/Facebook) HAVANA TIMES - "Noiseless and efficient," according to the text that accompanies the photo of a power generator that, for about \$4,000, promises to exorcise the demon from the blackouts.

Are solar-powered generators worth it?

Solar-powered generators used to be a niche product geared towards off-the-grid living. They still do the job in that scenario, but as the market matures, with an ever-expanding range of sizes and configurations, the quiet, emissions-free generators are becoming an essential source of backup power for all kinds of homeowners.

Should I buy a solar or gas generator?

When deciding between a solar and gas generator, consider your power needs and budget. For lower power needs under 3,000 watts, solar generators are ideal, while gas generators work better for larger demands, especially 10,000 watts or more.
