

Curved lithium battery pack supplier

Who makes lithium-ion battery packs?

Both provide battery pack assembly and testing. Our battery pack manufacturing centers in Xiamen and Shenzhen provide additional services and the production of lithium-ion battery packs and cells. With over 50 years of combined experience in lithium-ion battery technology, no project is too big for us to handle.

Why do we supply bulk lithium-ion batteries?

Our strong network of partners enables us to supply bulk lithium-ion batteries with an internal emphasis on quality control and customer support. As a dependable lithium-ion battery supplier and battery pack manufacturer, we can deliver reliable energy storage solutions for any application.

What industries do you supply lithium-ion battery packs?

Our core competency is in the large-scale manufacturing of small to medium format lithium-ion battery packs. Some industries we supply include home energy storage, electric vehicles, medicine, military, computing, power tools, robotics, sensors, and more.

Who can supply lithium-ion batteries in-house?

If you desire to prototype or assemble battery packs in-house, we can supply cutting-edge lithium-ion cells from leading manufacturers like Panasonic, Sanyo, LG, Samsung, Sony, BAK, Lishen, and others.

What is a curved shaped battery?

Curved shaped battery is used in a growing number of wearable devices, such as wristbands and smartwatches. It can make full use of the internal space of the consumer electronic devices, providing greater capacity and longer usage time. The specification table shows some models of the curved shaped battery.

What is a curved battery used for?

GREPOW novel curved battery is used in more and more wearable devices such as smart clothing, AR/VR, Bluetooth headsets, wristbands, and smartwatches. It can take full advantage of the internal space of consumer electronics devices, providing greater capacity and longer usage time. Have any questions? Talk with us directly using LiveChat.
