

Energy Storage Battery Cabinet Sunken Type

Why should you choose a rack-type enclosure?

Our rack-type enclosure design not only conforms to common usage habits, but also emphasises the advantages of modular design to adapt to the diverse application requirements of energy storage cabinets. Machan has extensive experience in waterproofing and can assist customers in obtaining IP-rated waterproof certification.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.
