

# Gonghe photovoltaic power generation needs to install panels

What is Gonghe photovoltaic project?

This information is drawn from GlobalData's Power Intelligence Center, which provides detailed profiles of over 170,000 active, planned and under construction power plants worldwide from announcement through to operation across all technologies and countries worldwide. Gonghe Photovoltaic Project is a 3,182MW solar PV power project.

What is power China Qinghai Gonghe - 50MW tower CSP project?

This page provides information on Power China Qinghai Gonghe - 50MW Tower CSP project, a concentrating solar power (CSP) project, with data organized by background, participants, and power plant configuration.

Where is Qinghai's 'photovoltaic-pastoral storage' project located?

Recently, Qinghai Company's Hainan Base under CHINA Energy in Gonghe County has successfully connected the fourth phase of its 1 million kilowatt 'Photovoltaic-Pastoral Storage' project and the 200,000-kilowatt photovoltaic project to the grid for electricity generation.

Where is Huanghe hydropower located?

Huanghe Hydropower offers power stations production, operation, testing and maintenance, production and sales of electrolytic aluminum and development of mineral resources and others. The company owns and operates Qinghai Ge-ermu gas turbine power plant located in Qinghai, China. Huanghe Hydropower is headquartered in Xining, China.

Who is Huanghe Hydropower Development Co Ltd?

Huanghe Hydropower Development Co Ltd (Huanghe Hydropower) is a power generation company that offers power and hydropower generation services. The company's services include electric energy, power and electricity generation, transmission, production, supplying, and distribution services.

What is photovoltaic-pastoral integration?

This has paved the way for a new 'Photovoltaic-Pastoral Integration' model that couples renewable energy development with animal husbandry. Upon operation, it is estimated to contribute 2.1 billion kilowatt-hours of clean electricity annually, saving 649,000 tons of standard coal.
