

Home 12v lithium battery 3000 inverter

What is a litime 3000W inverter?

LiTime 3000W inverter converts 12V DC to 110-120V AC power efficiently with a 6000W surge for clean and stable operation. Operates in -25°C to 65°C with dual cooling fans, ideal for off-grid systems, camping, RVs, and indoor use. Provides protection against under/over voltage, overheating, overload, and short circuits for reliable safety.

What is a litime 3000W pure sine wave inverter?

The LiTime 3000W Pure Sine Wave Inverter's remote controller, equipped with a 14.76ft cable, allows you to mount it in an accessible spot inside your RV for effortless control.

What accessories are included in a litime 12V 3000 watt inverter?

LiTime 12V 3000 watt inverter offers accessories including 4AWG 1.64FT battery to inverter cables*4, 3.28FT ground cable*1, remote control*1, 14.76FT remote control cable*1, remote control mounting screws*2, plastic anchors*2, inverter mounting screws*4 and plastic anchors*4 in the package.

What is a litime 12V DC to 110V AC inverter?

The LiTime 12V DC to 110V AC Inverter delivers a robust 3000W of continuous power and 6000W peak surge to handle high-demand start-up loads effortlessly. This exceptional output ensures reliable performance for a wide range of appliances and devices, making it ideal for building a powerful and efficient energy system.

What is a leaptrend Sirius 3000W 12V pure sine wave inverter?

RELIABLE QUALITY: CE, FCC, UL, ETL., UKCA, RoHS, E-mark certified product ensures safety and quality. 1-Year material and workmanship warranty. The Leaptrend Sirius series 3000W 12V Pure Sine Wave Inverter is perfect for most off-grid systems, whether for a van, RVs, trucks, boats, yachts, coffee van inverter or any remote location needing power.

Will a 12V battery pack work with a leaptrend inverter?

If the battery pack supplies 12V to the inverter input, then it will work well with Leaptrend inverter.

About this item ?**POWERFUL DC-AC?** This 3000 watt inverter 12V to 110V provides 3000W continuous DC to AC power, 6000W peak surge during load start-up, 12V to 120V AC pure sine wave with conversion efficiency >90%, reduces conversion loss.

Efficient & Adjustable Charging: Low frequency inverter featuring an LCD display, this 12V inverter allows you to adjust charging current from 0-100%. With AC/battery priority selector, automatic ...
