

## How much does 3000 watts of solar energy cost

How much does a solar system cost per watt?

As of publishing, the average cost per watt is \$2.84. Most solar companies set the price according to the solar system's wattage. A solar installation's "cost per watt" is a little like the "price per square foot" when you buy a house. It helps compare the value of solar energy systems in different sizes.

#### How much does a 3KW Solar System cost?

As of January 2022, the average cost of solar in the U.S. is \$2.77 per watt (\$8,310 for a 3-kilowatt solar system). That means that the total cost for a 3,000 watt (3kW) solar system would be \$6,149 after the federal solar tax credit discount (not factoring in any additional state rebates or incentives).

#### How much energy does a 3 kW solar system generate?

A 3 kW solar panel system generates approximately 4,356 kWhof electricity each year. That's enough to keep 79 TVs running, power 3 refrigerators, or meet the energy needs of an RV (the average U.S. shopper on EnergySage needs about 11 kW of solar for their home). But what else could it do?

#### How much energy does a solar system generate?

Just like the price, the amount of energy your solar system generates may differ depending on location. For instance, a 3 kW solar panel system in sunny Florida will produce more electricity than an identical sized one located in Oregon.

#### How much do solar panels cost?

The price of solar panels changes depending on where you live, but the average for installation is just under \$29,000 or \$2.75 per watt. On the high end, we talked to a solar customer in Hawaii who spent \$100,000 going solar. Dion in Nevada said their 10-kW system cost about \$20,000, which is about the national average price for a 7-kW system.

### Should I install a 3 kilowatt solar system on my home?

If you have high electricity bills, installing a 3,000 watt (3 kilowatt) solar energy system on your home can be a great way to reduce your monthly costs. In order to maximize your long-term solar savings, you want to be confident that you're getting a good price for your solar energy investment.
