

Is there an energy storage power station in Romania

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania.

The data of the transmission and system operator show that, on January 1, 2025, 13 battery storage groups are operational in Romania, which have a total installed power of 137.2 ...
