

# Maldives outdoor power supply quotation

Do I need a voltage converter in Maldives?

If your device or power adapter is not dual voltage or you are unsure, and the voltage and/or frequency in Maldives differs from your own country, you should use a voltage converter when plugging in your devices and power adapters in Maldives. What power plug types and electrical outlets are used in Maldives?

Who is allowed to install power systems in Maldives?

All power systems and electrical installations must comply with the regulations of Maldives Energy Authority. Licensed engineers and consultants are only allowed to carry out works related to power. This includes design, installation and commissioning of power systems. The energy balance is a multipurpose tool.

Are there electrical outlets in Maldives?

No, the electrical outlets in Maldives are different from those in the United States. In Maldives electrical outlets of types C, D, G, J, K & L are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Maldives?

What is the supply voltage in the Maldives?

In the Maldives the supply voltage is 230V. If the appliance is a single voltage rated appliance, it will need to operate at the same voltage as the supply voltage of the country i.e. 230V. If this is not the case it should be used alongside a voltage transformer or converter to allow the appliance to work safely and properly.

Do I need a travel adapter in Maldives?

Maldives uses electrical outlets and power plugs of types C, D, G, J, K & L (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different? Then you will need a travel adapter.

Can you use a charger in Maldives?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Maldives outlet. Maldives uses electrical outlets and power plugs of types C, D, G, J, K & L (see images).
