

Mauritius 96v to 220v inverter power supply

Do I need a voltage converter in Mauritius?

The voltage used in Mauritius is 230V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Mauritius. If the voltage and/or frequency in your country is different, you should check if your devices are dual voltage.

What voltage does a 96 volt Inverter Supply?

An inverter converts a 96 Volt DC voltage (battery) into an AC voltage (230V-50Hz). The standard output voltage is 230 Volt, 50Hz with a pure sine wave. This means that this inverter supplies the same type of voltage as the wall socket. This allows any electrical device to work on it. What should you be aware of?

What is the standard voltage for a power socket in Mauritius?

All power sockets in Mauritius provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Mauritius if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

What type of plug does Mauritius use?

Mauritius uses power outlets and plugs of types C & G. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar? Do the outlets look different in your country? You'll need a power plug adapter. Type C - The standard European plug.

Do I need a travel adapter in Mauritius?

If you're not sure whether the outlets and plugs used in your country are the same as in Mauritius, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Mauritius provide a standard voltage of 230V with a standard frequency of 50Hz.

Are there electrical outlets in Mauritius?

No, the electrical outlets in Mauritius are different from those in the United States. In Mauritius electrical outlets of types C & G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Mauritius? The electrical outlets and power plugs in Mauritius are of types C & G (see images).
