

New Zealand Energy Storage Project Procurement

What is the NZ battery project?

The NZ Battery Project was set up in 2020 to explore possible renewable energy storage solutions for when our hydro lakes run low for long periods. A pumped hydro scheme at Lake Onslow was one of the options being explored. The Government stopped the Lake Onslow investigations in late 2023.

Does Eku energy have a battery storage project in New Zealand?

Eku Energy has bought a major battery energy storage project in New Zealand's North Island to build out its storage assets. Eku Energy has acquired a 300 MW battery energy storage project in New Zealand's Waikato region, marking its entry into the country.

Will Infratec build a new energy storage system in New Zealand?

Infratec general manager Nick Bibby said that the storage system is "the first of its scale to be built in New Zealand". As reported by Energy-Storage.news, the two companies completed their assessment of the project in late 2021, selecting a site in Huntly, a town in the Waikato District.

Where is New Zealand's first grid-connected battery energy storage system located?

Meridian Energy has completed construction of New Zealand's first large-scale grid-connected battery energy storage system (BESS) at Ruakaka, with an official opening ceremony scheduled for later today.

What is the Dannevirke solar & energy storage project?

The Dannevirke Solar & Energy Storage Project (DVK) is a 107 MW (DC) utility-scale renewable energy development located approximately 6 kilometres west of Dannevirke, in New Zealand's Tararua District. The project includes an optional Battery Energy Storage System (BESS) of up to 72 MW / 150-300 MWh and is designed for a 40-year operational life.

Who is the leading solar EPC Company in New Zealand?

Leveraging on the 13 years of international experience in the solar industry and the support of all Ethical Power Group companies, we are quickly becoming the leading solar EPC company in New Zealand. With our global procurement capacity and expertise, we supply the best components and the most cost-effective solutions.
