

Outdoor On-site Energy Solar Kit

Can a solar kit support a complete off grid Solar System?

Each solar kit is built to support a complete off grid solar system, making it easier than ever to live off the grid with confidence. Whether you're just starting out or upgrading your current setup, we offer systems ranging from compact 1KW solar kits to powerful 200KW off grid solar systems.

What is included in a solar kit for home?

Our complete solar kits for home already come with just about everything you need to begin harnessing power from the sun, including solar panels, inverters, batteries, cables and solar charge controllers. Typically, we recommend kits ranging from 60 to 720 watts for smaller homes, depending on how many devices and appliances need power.

What is a solar kit?

Our solar kits make it easy to power your home, cabin, RV, or shop, no matter how you live. Whether you're staying off the grid, staying connected, or doing a mix of both, we've got you covered. Each kit includes high-quality solar panels and the key components to get started, with room to customize as you grow. Prefer to use your own panels?

Are small house solar kits affordable?

Our small house solar kits are affordable and assembled as per your needs. Remember to shop The Inverter Store for the rest of your solar product needs, as we offer additional accessories such as mounting brackets, solar panel cables and connectors, and many more accessories to complete your off-grid home solar system today.

What are all-inclusive solar kits?

These all-inclusive solar kits are designed for simplicity, featuring everything you need for a seamless setup and installation. With high-performance lithium battery options and versatile connectivity options, our solar power systems can be connected to solar, wind, backup generator, or utility grid sources.

What are pre-made solar kits?

Look no further than our pre-made solar kit packages. These all-inclusive solar kits are designed for simplicity, featuring everything you need for a seamless setup and installation.
