

# Outdoor Power Supply Four Degrees

Can a multi-outlet power strip be used outdoors?

**WATER-RESISTANT & SPLASH-PROOF:** Rated IPX4, this electric shock-proof multi-outlet power strip works well in both humid and rainy conditions. Use it safely in a bathroom, near a pool or outdoor shower, on your deck or patio, while camping, or to power your Christmas lights.

Should you buy an outdoor power strip?

If those two sockets in your outdoor outlet aren't enough to fulfill your outdoor power needs, then you'll want to invest in a good outdoor power strip. These handy appliances can multiply a single socket into six or even 10, allowing you to power multiple strings of lights or various outdoor appliances simultaneously.

Are outdoor power strips weather resistant?

Outdoor power strips come in a variety of sizes, from small three-outlet models up to large 10-outlet beasts. Unlike indoor models, these rugged, weather-resistant power strips can endure extreme temperatures and even downpours. Understanding what weather conditions an outdoor power strip is rated to handle is key to purchasing the right one.

How many power sockets fit 4 standard US 2 & 3 prong plugs?

The four widely spaced power sockets fit four Standard US 2 and 3 prong plugs. This waterproof power strip and USB hub has been tested to set safety standards to meet ETL Certification with an overload protection of up to 1700 joules.
