

Photovoltaic energy storage special box transformer

ZTelec Group, a transformer manufacturer and supplier, founded in 2008, produce and customize high-quality transformer for customers. provides dry-type transformer, Oil Immersed ...

The PV power plant contains two-stage filtering station, which consists of a box-type transformer with integrated filter and a 110 kV grid-connected transformer based on inductive filtering method.

Strong environmental adaptability: TSTY uses anti-corrosion, high-strength steel shell material to make pre-installed photovoltaic box transformers. It has the characteristics of fire prevention, ...

Security is one of the important factors that cannot be ignored in photovoltaic power stations construction. This transformer specially adopts a three-phase isolation design, which can ...
