

# Smart energy storage lithium battery source manufacturer

Who makes energy storage batteries?

Below are ten of the most influential energy storage battery manufacturers worldwide, covering a wide range of applications from residential to commercial and grid-level storage. The list is in no particular order: 1. CATL (Contemporary Amperex Technology Co., Limited) - China One of the largest manufacturers of lithium-ion batteries globally.

What are the best battery energy storage companies?

When it comes to the 10 Best Battery Energy Storage Companies, industry leaders like BYD, Tesla, MANLY Battery, and CATL set the benchmark with cutting-edge technology and global market dominance.

Who makes lithium batteries in 2025?

In 2025, a mix of Chinese, South Korean, and Japanese giants dominate the lithium battery landscape. Companies like CATL, BYD, LG Energy Solution, and Panasonic lead in production capacity and innovation, shaping the global shift towards electrification.

Who makes lithium ion batteries?

The list is in no particular order: 1. CATL (Contemporary Amperex Technology Co., Limited) - China One of the largest manufacturers of lithium-ion batteries globally. CATL supplies advanced LiFePO<sub>4</sub> and NCM battery systems for EVs, home storage, commercial applications, and utility-scale projects. 2. BYD - China

Who is shaping the future of battery energy storage?

Leading companies, from BYD, MANLY Battery to Johnson Controls, are playing pivotal roles in shaping the future of battery energy storage through strategic expansions and product innovations.

Who makes the best lithium ion battery?

4. Contemporary Amperex Technology Co., Ltd. (CATL) - The largest Li-ion battery manufacturer globally, CATL excels in high-efficiency battery solutions for electric vehicles and energy storage systems. 5.
