

St Lucia 3GW solar park

St. Lucia will now be able to capture even more energy from the sun. The Rocky Mountain Institute provided technical assistance for a 3 mW utility-scale solar farm, which is funded, ...

The 3 MW solar park will reside north of Hewanorra International Airport and represents the first utility-scale solar project in Saint Lucia. Once operational, the peak solar capacity is ...

A major milestone in this journey was achieved on April 9, 2018, when our 3-megawatt (MW) solar farm in Vieux Fort officially came online. This initiative supports our goal of increasing the use ...
