

Swiss lithium energy storage power direct sales company

Who is lithium system?

LiTHiUM System, formerly LiTHiUM Storage GmbH, headquartered in Illnau, Switzerland, has been supplying customers throughout Europe with high-quality lithium iron phosphate (LiFePO₄) batteries since 2010. As one of the first in Europe we have added NMC cells with a high energy density to our assortment.

What is a lithium battery storage & energy management system?

With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business. Our BMS-certified, fire-protected commercial energy storage systems help energy-intensive sectors like agriculture, logistics, recycling and manufacturing meet their ESG commitments.

Who makes lithium batteries?

LiTHiUM System works closely with partners in the immediate vicinity for the quantitative and qualitative production of prototypes. The lithium batteries from LiTHiUM System GmbH have already received several international awards, such as the 360 degree MOVE Award.

What makes libattion a good battery storage company?

Libattion's battery storage guarantees a stable and regular power supply. Our systems are fire-safe and fully certified. We customize commercial energy storage for your needs and budget. Rooted in Swiss precision and environmental stewardship, we develop and operate the most versatile battery systems for industry and commerce.

Why are lithium-ion cells used in electric vehicles?

Thanks to fully automatic production, the lithium-ion cells have a constant quality and are used in thousands of electric vehicles around the world around the clock. As an exclusive distribution partner for Europe, we are also able to supply smaller quantities of less than 10,000 professional cells and modules.

The Swiss energy storage lithium battery industry isn't just selling products--it's crafting a blueprint for sustainable tech. From chocolate factories to robot-staffed labs, they're proving ...
