

The largest energy storage equipment company in the Middle East

Which is the largest energy storage project in the Middle East?

This facility stands as one of the largest energy storage projects in the Middle East and Africa. The Bisha BESS, owned by Saudi Electric Company, comprises 122 prefabricated storage units designed and supplied by China's BYD.

Who will supply battery energy storage system (BESS) equipment?

Utility-scale renewable energy developer-operator Masdar said on Friday (17 January) that it has selected CATL to supply battery energy storage system (BESS) equipment alongside fellow Chinese companies Jinko Solar and JA Solar as solar PV module suppliers.

What is SEC doing with BYD energy storage?

In a strategic move to further bolster its energy storage capabilities, SEC has entered into agreements with BYD Energy Storage for additional projects totaling 12.5 GWh. Combined with the existing 2.6 GWh project, this collaboration amounts to a substantial 15.1 GWh of energy storage capacity.
