

Waterproof solar on-site

Are the solar panels waterproof?

All kits come standard with the upgraded 20w solar panel for extra power! The whole system has an IP66 weather proof rating, which means that not only are the units dustproof, but highly water resistant making them perfect for outdoor rural or domestic use! Very high quality.

Are Solar Fairy Lights waterproof?

Both the solar panels and the solar string lights of Solar Fairy Lights are IP65 waterproof. They can withstand all kinds of wet weather, including heavy rain and snow. Powered by solar energy, the lights turn on automatically at night and off during the day, providing 8-10 hours of warm white fairy light with a full charge.

Why do solar carports need water guttering?

Our integrated water guttering system ensures the long-term durability of your solar carport. By directing rainwater away from your vehicle and the structure, this system prevents potential damage and simplifies maintenance.

What is a solar mounting system?

Crafted for straightforward assembly, this solar mounting system offers configurations for both single and double car spaces, with effortless scalability to accommodate specific needs. Plus, the systems feature an integrated water guttering system that ensures proper rainwater drainage.

Super Bright Solar Light: Equipped with super bright high-intensity LED beads, these solar spot lights deliver exceptional brightness--outshining traditional solar outdoor lights. Perfect for ...
