

What are the specifications of Monaco s outdoor power supply

What type of wire does Monaco use?

Use,at minimum,10 AWG copper wire(solid or stranded,bare or insulated). Monaco typically uses 8 AWG copper wire. The grounding conductor does not need to be installed in conduit unless required for mechanical protection,but it must be properly supported and run in as straight a line as possible.

What is a Monaco connector?

Monaco connectors maintain the 50-ohm impedance of the coaxial cable with minimal RF loss. Monaco typically uses three types of crimp-style connectors: Connects 50-ohm coaxial cable to an RFM,a transceiver,or a conventional or addressable fire panel. The male version is shown on the left.

What type of wire does a Monaco BT-x use?

Monaco typically uses 8 AWG copper wire. When shipped,the BT-X field assembly and power supply are mounted on a 9 x 12.7 inch mounting plate installed in the enclosure. If the BT-X is in a double-wide enclosure,two mounting plates are installed. Read the following enclosure mounting instructions completely before beginning.

Does Monaco have a warranty?

Monaco is not responsible for damage to any product from accident, unauthorized alteration, abuse, acts of God, misuse, misapplication, or inappropriate or faulty installation. This warranty covers only those products that have been properly installed using factory-approved wiring and installation techniques.

Does Monaco offer a special antenna?

6 to +12 dBd gain (depending on the model). Vertically polarized (must be mounted so elements are vertical). Monaco offers other antennas for special needs,such as environmental conditions that are highly corrosive or where a higher antenna gain is needed. If you need a special antenna,contact Monaco. See "Contact Information" on page ii.

Do I need a Monaco representative to install a central receiving server?

All Monaco Central Receiving server installations require an authorized Monaco representative. Except as stated in this warranty,Monaco makes no warranty,expressed or implied (either in fact or by operation of law),statutory,or otherwise. All warranties not expressly stated in this document are waived by you.
