

# Where is the nearest communication base station and wind power station in Bangladesh

Does Bangladesh Bank have a wind power station?

Bangladesh Banking Company Grameen Shakti has installed four hybrid wind power stations, which are a combination of wind turbine and diesel generators.

What is the wind speed range in Bangladesh?

The annual wind speed in Bangladesh's coastal belt ranges from 2.96 meters per second to 4.54 meters per second. With 90 percent of Bangladesh's electricity produced by natural gas, an alternative energy like wind power is being considered.

When did Bangladesh start a wind power project?

In 2006, the Bangladesh Power Development Board started a wind power project in Kutubdia, an island off the coast of Bangladesh. Four three-bladed windmills were installed under the supervision of the Bangladesh Power Development Board in 2005.
