Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.

Do you need a solar inverter?

Solar inverters are a necessary but often forgotten part of a home solar panel system since they convert sunlight into usable electricity for your home appliances. Without a solar inverter, you wouldn't be able to use those solar panels to power your home.

How do I choose a solar inverter?

Ensure the inverter matches the specifications of your solar panels and overall system capacity. For example, a mismatch between panel wattage and inverter capacity can lead to energy loss or system inefficiency. ESAS experts can help you ensure perfect compatibility. Look for inverters with high efficiency ratings, typically above 95%.

What is the best solar inverter app?

SolarEdge's app also has the highest user review scores of any other inverter apps we've seen. This SolarEdge inverter comes with a 12-year limited warranty, with an option to extend it to 20 or 25 years at an additional cost. The best way to describe Tesla's solar products is 'well-rounded'. The same holds true for Tesla's solar inverter.

How long do solar inverters last?

Most inverters last 10-15 years, but premium brands like Enphase and SolarEdge offer warranties up to 25 years. Inverters are essential for converting solar panel DC output into home-usable AC power--your solar system won't work without one.
